DETAILED ACTION

Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-7 (part), 11-13 (part), drawn to Purines.

Group II, claim(s) 1-7 (part), 11-13 (part), drawn to imidazopyridines.

Group III, claim(s) 1-7 (part), 11-13 (part), drawn to Pyrrolopyridines.

Group IV, claim(s) 1-7 (part), 11-13 (part), drawn to pyrazolopyrimidines.

The inventions listed as Groups I-IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Each has a different core with a distinctive heterocyclic structure. Group IV alone has a pyrazole ring as its special technical feature. Group III alone has a pyrrole ring as its special technical feature. Group II alone has a pyridine ring as its special technical feature. Note that the existence of Groups II-IV derives from the text of the last 3 lines of claim 1, which override the purine structure depicted in the formula of claim 1.

A telephone call was made to Mr. Muserlian on 1/8/03 to request an oral election to the above restriction requirement, but did not result in an election being made. A written restriction was requested.

Art Unit: 1624

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
